

Storage Systems Maintenance on Sunday, May 15th at 8:00am

On Sunday, May 15, beginning at 8:00 AM, IT will perform rolling reboots, part of maintenance on the following storage solutions:

- Storage.rice.edu (individual storage and department shared storage)
- Crate (file storage space for researchers)
- RNAS (storage solution purchased by departments for archival storage, not research related)

These services will remain online for most of the rolling reboot, with only intermittent connection interruptions. Updates will be posted to the IT web site: it.rice.edu.
