

FE&P Building Network Upgrade 5AM Thursday Mar 12

Early Thursday morning, March 12, at 5:00 AM, one of the network switches in FE&P Building will be upgraded. The network connectivity for approximately half of the building will be affected during the change over, but services will be returned to full functionality before regular business hours begin that morning. Updates will be posted to the IT web site: <http://it.rice.edu>
